

Eagle ClearVac-SW

Food Grade PVC Material Handling Hose With Static Grounding Wire

Heavy-duty, food grade suction hose with embedded copper grounding wire for dry or wet material applications including plastic processing equipment - pneumatic conveying of lightweight solids such as powders and plastic pellets. Hose complies with all applicable FDA requirements for use in meat and poultry plants. Clear PVC and clear helix construction allows for visual confirmation of material flow. Smooth bore eliminates material build up. Heavy corrugation provides high flexibility. Embedded wire prevents static electricity build up.

Tube: Corrugated, clear, flexible PVC with smooth bore and a rigid, clear PVC right-handed helix with embedded copper wire for static dissipation

Safety Factor: 3:1

Reinforcement: Rigid PVC Helix

Temperature: -4°F to 150°F

Part #	ID	OD	WP	Vacuum	Bend Radius	Weight

015-0640-0035I	4"	4.74	35	24	10	1.83

Note:

- Complies to all FDA applicable requirements
- Below specification at 70°F.
- Service temperature depends on actual application.
- Right-handed.
